## Professional Summary

I'm a final year B.Tech student at Dr. D. Y. Patil School of Science and Technology, deeply passionate about full stack web development. Specializing in the MERN stack, I have hands-on experience in building and deploying real-world applications—including e-commerce platforms, automation tools, and analytics dashboards. Currently, I'm working as an Associate Full Stack Developer at TechTech, where I continue to sharpen my skills in both frontend and backend development. I've previously interned at organizations like Artiset, Doggle India, and Code Inbound, contributing to scalable systems and user-centric solutions. I thrive on combining creativity with code to develop impactful and innovative solutions.

**Current Location** Pune, India

## Skills & Expertise

**Frontend**

1. React.js
2. HTML
3. CSS
4. JavaScript
5. TailwindCSS

**Backend**

1. Node.js
2. Express.js
3. NestJS
4. JWT
5. REST APIs

**DevOps**

1. AWS
2. Azure
3. GitHub
4. Cloudinary
5. Vercel & Render

**Data & AI**

1. Python
2. R
3. Matplotlib
4. NumPy
5. TensorFlow

**Databases**

1. MongoDB
2. MySQL
3. PostgreSQL
4. Mongoose
5. TypeORM

## Real World Skills

- Communicating effectively across teams to deliver user-focused web applications.
- Balancing creativity and logic to solve real-world problems through tech.
- Managing time efficiently while juggling internships, academics, and entrepreneurial work.
- Collaborating in agile environments with a strong sense of ownership and adaptability.
- Leading projects with a proactive mindset and taking initiative in unfamiliar challenges.
- Maintaining attention to detail while ensuring high-quality, polished deliverables.

## Awards & Accolades

2022

Founded & hosted many technical events under the club

SIH 2023

2023

Got Selected for SIH State Level Hackathon

Shark Tank

2024

Developed Website funded and appreciated on Shark Tank India

## Technical Tools

 Figma

 Javascript

 React.js

 Node.js

 MongoDB

 SQL

 AWS

 Azure

 GCP

 Cloudflare

 Render

 Python

 Keras

 Tensorflow

 PowerBI

## Recent Experience

---

### UI / UX Designer TechTech

**Jan 2025 - Present** Pune, India

- Designed and developed intuitive user interfaces, enhancing user experience and engagement.
- Created wireframes, prototypes, and visual designs using Figma and Adobe XD.
- Collaborated with developers to implement responsive and accessible web applications.

### Full Stack Developer Intern Doggie India

**Oct 2024 - Jan 2025** Jaipur, India

- Played a pivotal role in designing and developing Aignosis, a cutting-edge website funded and appreciated on Shark Tank India, showcasing innovation and technical excellence. With Wedmonkey
- Built and optimized web platforms for multiple startups, tailoring solutions to meet unique business requirements and scaling their digital presence.

### Software Engineer Intern Artiset

**June 2024 - Sept 2024** Noida, India

- Designed and developed an e-commerce project using the MERN stack, including database architecture and backend development, while also managing database administration tasks to ensure data integrity and performance requirements and scaling their digital presence.
- Collaborated with cross-functional teams to build beta Power Apps for multiple MNCs, conducted knowledge-sharing sessions on MongoDB and Agile methodologies, and regularized project workflows using Agile principles.

### Software Development Engineer Intern Code Inbound

**Jan 2024 - June 2024** New Delhi, India

- Developed and implemented features for Network Management Systems (NMS) using Nest.js, PostgreSQL, and Docker, ensuring robust performance and scalability.
  - Collaborated on project management using Microsoft Project Agile Board, enhancing sprint planning, task tracking, and cross-functional team coordination.
- 

## Education

### Dr. DY Patil School of Science and Technology Pune, India

- B. Tech Artificial Intelligence and Data Science

Graduation Year 2026

Cumulative GPA: 9.30 out of 10
